The UK Voluntary Sector Workforce Almanac 2011

- In 2010 the voluntary sector employed 765,000 people.
- Over half a million women (522,000) were employed in the voluntary sector.
- More than half (57%) of the voluntary sector workforce were employed in 'health and social work', equating to 437,000 people.

The new Workforce Almanac contains easy-to-use and accessible information about the main traits of voluntary sector employment. Please contact info@skills-thirdsector.org.uk to obtain a copy. Copies can also be downloaded from the websites below.
